

MAKE EFFICIENCY YOUR SUPERPOWER

Cromax High Efficiency Clear 3060S

AN AXALTA COATING SYSTEMS BRAND

THE NEW FAST CLEARCOAT THAT LOOKS FANTASTIC TOO

With its fast drying time and excellent appearance our new 2K clearcoat gives you a real productivity advantage. Highly versatile and easy to use, Cromax High Efficiency Clear 3060S helps you turn cars around in a flash!

Boost throughput and save energy with several drying options: 15 minutes at 60°C, 30 minutes at 40°C, or air dry. Whichever you choose, count on a perfect finish.

This new clearcoat is also very flexible in use. Solvent-borne basecoat? Waterborne? No problem. It works on both. You don't even need to change your current activators and thinners. And whether you're doing a spot repair, a panel or a full car this is the only clear you need.

- 01 HIGHER PRODUCTIVITY**
Superfast and flexible drying times mean you can turn vehicles around quicker than ever with no compromise on appearance:
15' @60°C bake, 30' @40°C bake, 2-3 hour air dry time
- 02 EXCELLENT FINISH WHATEVER THE CONDITIONS**
Even under conditions of high temperature and humidity achieve excellent appearance.
- 03 MAXIMUM FREEDOM**
For maximum freedom, you can also use it with your current activators and thinners.
- 04 EASY TO USE**
Easy and reliable application in two coats with short intermediate flash-off times.
- 05 HIGHLY FLEXIBLE**
Whether it's solvent-borne or waterborne, Cromax High Efficiency Clear 3060S works on all basecoat types.
- 06 ENERGY SAVING**
Several drying options help you save energy. Best of all, thanks to Axalta technology, there's no compromise on the quality of finish.
- 07 ONE CLEAR DOES IT ALL**
Suitable for all types of repairs: from spot and panel to overall repairs.
