CROMAX SYSTEM TRAINING

TRAINING LOCATION

- Cromax Training Centres India

DURATION

3 days

TARGET AUDIENCE

refinishers

DESCRIPTION

This is an in-depth training course covering every aspect of the Cromax System for passenger vehicles. Practical instruction includes complete system build-up from primer to clear coat. The course includes colour mixing, the use of all colour tools (including ChromaVision, ChromaVision Pro, and Fan Decks), standard application and all repair techniques.
